## Summary

MERN Stack Developer with hands-on experience building full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing responsive user interfaces, RESTful APIs, and scalable web solutions. Passionate about creating efficient and user-friendly applications while continuously learning modern web technologies.

## Experience

### MaMo Technolabs

Jan 2026 – Present

MERN Stack Intern

Baroda, Gujarat

- Developing and maintaining scalable full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- Collaborating with the development team to design robust RESTful APIs and optimize database queries for improved application performance.
- Implementing responsive and user-friendly frontend components while ensuring seamless integration with backend services.

### Ultron Technologies

Summer

Web Developer Intern

- Built responsive user interface components and improved website usability.
- Worked with JavaScript and React.js to implement interactive features.

## Projects

### Job Recruitment System (Online Hiring Platform)

React.js, Node.js, Express.js, MongoDB

- Developed a full-stack web application to streamline the recruitment process, enabling HR to post and manage job listings while applicants can apply and track their application status.
- Built a responsive frontend using React.js and Vite and implemented RESTful APIs with Node.js and Express.js for job management and candidate data handling.
- Integrated MongoDB / SQL for secure storage of job postings, applicant profiles, and recruitment information.
- Improved hiring workflow efficiency through an organized and user-friendly platform.

### Pharmacy

React.js, Tailwind CSS, HTML, MongoDB

- Developed a responsive and user-friendly frontend for a pharmacy web application designed to simplify online medicine browsing and purchasing.
- Built interactive UI components to display medicine categories, product details, and enable smooth user interactions.
- The application improves accessibility to medical products by providing an organized and efficient digital platform for online pharmacy services.

## Education

### Madhuben and Bhanubhai Patel Institute of Technology

Sept 2022 – Present

Bachelor of Technology in Computer Engineering

ANAND, India

### Vishv Bharti Vidyalay

Jun 2020 – May 2022

H.S.C. (Percentile Rank: 66.81)

Dabhoi, India

### D.B. Parekh Highschool

Sankheda, India

S.S.C. (Percentile Rank: 98.75)

## Technical Skills

**Languages:** C, C++, JavaScript, Java

**Frontend:** HTML5, CSS3, React.js, Tailwind CSS

**Backend:** Node.js, Express.js

**Database:** MongoDB, SQL

**Developer Tools:** VS Code, Git, GitHub, Postman, Android Studio

**Concepts:** REST APIs, OOP, MVC Architecture

## Certifications & Languages

- Certifications:** Core Java, C Programming Advanced Data types, Introduction to SQL
- Languages:** Gujarati, Hindi, English
