📍 Vadodara

Summary

Full Stack Developer with hands-on experience in building scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Skilled in developing RESTful APIs, implementing JWT-based authentication, and creating responsive user interfaces. Passionate about writing clean, efficient code and continuously learning modern web technologies.

Experience

MERN Stack Intern

Baroda, Gujarat

MaMo Technolabs

Jan 2026 – Present

- Engineered and maintained **scalable full-stack applications** using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Designed and implemented **RESTful APIs**, improving backend efficiency and handling multiple concurrent user requests.
- Optimized **database queries**, reducing response time by approximately **25%**.
- Developed responsive frontend components and ensured seamless **API integration** with backend services.

Web Developer Intern

Anand, Gujarat

Ultron Technologies

Jun 2025 – July 2025

- Built and enhanced **responsive UI components** using React.js, improving overall website usability.
- Implemented **interactive features** using JavaScript, enhancing user engagement.

Projects

Job Recruitment System (Online Hiring Platform)

[Link](#)

- Engineered a full-stack web application that enables recruiters to post jobs and applicants to apply and track application status.
- Implemented secure user authentication and role-based access control for recruiters and candidates.
- Designed RESTful APIs for job management, application tracking, and user data handling.
- Structured efficient database schemas to manage users, jobs, and applications, improving workflow efficiency.
- Technologies/Concepts:** React.js, Node.js, Express.js, MongoDB, JWT Authentication, REST APIs

Pharmacy Web Application

[Link](#)

- Developed a responsive web application for browsing and managing online medicine products.
- Built dynamic UI components to display product categories, details, and improve user interaction.
- Optimized frontend performance to ensure smooth navigation and faster load times.
- Designed a clean and user-friendly interface to enhance accessibility and usability.
- Technologies/Concepts:** React.js, Tailwind CSS, HTML, MongoDB

Education

Madhuben and Bhanubhai Patel Institute of Technology

Sept 2022 – Present

Bachelor of Technology in Computer Engineering

ANAND, India

Vishv Bharti Vidyalay

Jun 2020 – May 2022

H.S.C. (Percentile Rank: 66.81)

Dabhoi, India

D.B. Parekh Highschool

Sankheda, India

S.S.C. (Percentile Rank: 98.75)

Technical Skills

Languages: C, C++, JavaScript, Java

Frontend: HTML5, CSS3, React.js, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB, SQL, Supabase

Developer Tools: VS Code, Git, GitHub, Postman, Android Studio

Concepts: REST APIs, OOP, MVC Architecture

Certifications & Languages

- Certifications:** Core Java, C Programming Advanced Data types, Introduction to SQL
- Languages:** Gujarati, Hindi, English
